

Hot Knife Tools

Plunge, slice and dice!

The foam cutting tools the world's been asking for. They work like a combo hand-held scroll saw and power drill. Cut with fast, clean surgical precision. Made from super tough steel, with a unique round shape that slices quickly and cleanly in any direction, like magic.

6" Hot Knife

The samurai of foam cutters. Cuts 1.5x faster than the 8" and gets as hot as foam can be cut without charring.

8" Hot Knife

This tough knife cuts deep. Has a heavier blade and cuts 1.5x faster than the 4" Knife.

4" Hot Knife

Makes clean accurate cuts. The perfect tool for hand modeling.
